No dogs allowed overnight in the building. Indoor crating is available in a climate-controlled crating room on the south side of ASDS. Crating might be a little tight at the site, so please conserve space by using wire crates and stacking crates whenever possible.

Mats must be placed under the crate, chair and any other furniture set up in an exhibitors area. Also, please leave the area along the tree line on the south side of the parking lot for exhibitors crating out of their vehicles. More information about crating set-up will be included in the handler's information letter.

- **PARKING:** There is close parking, but please park conservatively. Please reserve parking along the south tree line for exhibitors crating out of vehicles.

- **FOOD:** Please feel free to bring in outside food. There will be lunch and drinks available for volunteers. There are fast food and sit-down restaurants within close driving distance.

### **DIRECTIONS TO THE TRIAL SITE**

- Please be aware that some navigation devices do not know the correct location for All Star Dog Sports. It is advised that you look at a map and find the location before trusting your phone or GPS.
- The site is **located** south of the city of Blue Springs on Highway 7, **just south of the intersection of Hwy 7 and Wyatt Rd, on the west side of Hwy 7.**
- If you are coming from the north (I-70), it is 4.8 miles south of the intersection of I-70 and Hwy 7 and immediately past Anderson Rentals.
- If you are coming from the south, it is 1.4 miles north of the intersection of Hwy 7 and Colbern Rd. or 5.3 miles north of the intersection of Hwy 7 and Hwy 50 and north of the Storage Mart storage facility. Hwy 7 is divided by a median so it will be necessary to drive north of the site and make a U-turn at Wyatt Road.

### **COMMON ISC QUESTIONS**

- Who can enter ISC?
  - Anyone who wants to try it. There are no restrictions on what levels you can enter in ISC and how many classes you enter on a single day. If you want to enter all ISC runs on Friday you may.
- Does my dog have to jump at their ISC jump height?
  - No. You can enter your dog in regular or preferred at the height they normally jump in AKC. However runs at AKC jump heights will not count toward EOTT qualifications.
- How do ISC courses compare with other AKC courses?
  - ISC courses generally have more space between obstacles than other AKC courses. Most ISC courses designed by FCI judges have a really nice flow for the dogs but can be challenging for the handlers. In general, ISC level 1 courses have about the same level of difficulty as AKC Open courses. ISC level 2 courses have about the same difficulty as AKC Ex/Master courses but may include some Premier elements. In general, ISC level 3 courses are more difficult than courses offered in regular AKC trials.
- How is ISC judged?
  - ISC is judged using FCI rules. A summary of the scoring system is included in Chapter 14 of the "AKC Regulations for Agility Trials, Non-Regular Agility Classes International Sweepstakes Class".
- How are the runs scored?
  - Faults, then time.
- What are Faults in ISC?
  - Course Time Penalties are one (1) fault for each full second over Standard Course Time
  - Standard (S) faults incur a five (5) point penalty and include
    - A displaced bar, plank, or displaceable surface that the dog was to jump over
    - Missed contact zones (including the upside zone of the A-Frame).
    - Seesaw fly-off
    - Early table departure
    - Skipped weave pole after entered correctly
    - Moving or stepping on top of the Broad Jump
    - Breaking apart the Tire Jump
  - Refusal ( R) faults incur a five (5) point penalty and include:
    - Refusal at any obstacle

- Run out at any obstacle
- Dog exiting a contact obstacle prior to starting its descent on that obstacle.
- Failure to enter the Weave Poles properly
- Elimination Faults
  - Three (3) refusals and/or run-outs on a course
  - Dog running the wrong course, including touching the wrong obstacle with one (1) paw.
  - Dog/handler contact that aids the performance of the dog
  - Handler contact with the equipment if it aids or was intended to aid the performance of the dog
  - Outside assistance to the handler/dog in the ring that aided the performance
  - Failure to complete all the obstacles on the course.
