Building that says crating will not be used by us and another event will be taking place so we need to stay on the fencing side by arena and parking at arena area only.

Parking on concrete by arena is for permitted handicap parkers in the designated handicap spots only. All other parking on concrete at arena is for Trial Committee and Judge only

Parking on grass or gravel is allowed with the exception of the road from arena to livestock building and the north side of the arena and where marked as a fire zone. We ask that parking on grass closest to the arena be for those crating from vehicles.

HEIGHT CARDS:

EFFECTIVE January 1, 2010 When filling out the entry form, there is a new section at the top of the form for exhibitors to designate whether your dog has a valid jump height card or if your dog needs to be measured. Please check the appropriate box so that the Trial Secretary knows whether to include your dog on the Dogs To Be Measured List. It is no longer required that you submit a copy of your dog's jump height card with your entry form or show it during the day of show check in. The judge will measure dogs before runs as time allows.
